Posture Perfect Support Vest

If you have a tendency to slouch, the Posture Perfect Vest allows you to hold and maintain correct posture. As it holds the shoulders back, it helps prevent fatigue, and it helps put less stress on neck and back muscles. The Posture Perfect provides improved body alignment. Please note that the bra is sold separately.

Classic Bra

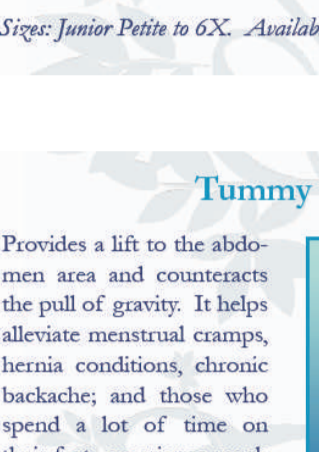

The success of the Classic Bra design is all in the engineering. Instead of having the breasts supported by shoulder straps, our patented Banderin acts like a shelf and provides complete support from underneath the breasts, while allowing healthy circulation to take place. All surrounding breast tissue is redirected into the cup. The Classic Bra complements every figure.

Waist sizes: 28" to 40". Available in white.

Available in white, beige and black in an extensive range of sizes.

Coobie - the fit is perfect for almost every body!

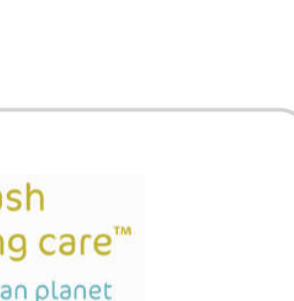

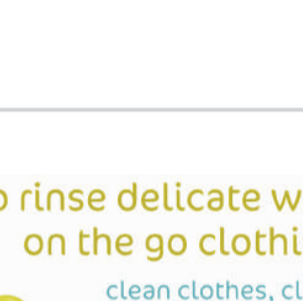

Are they comfortable?

Seriously... these wonderful items are unreal comfortable – you MUST try one to believe it. Don't be fooled by cheap imitations & knock offs. These are amazing.

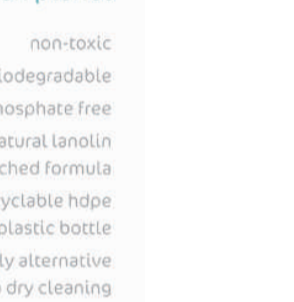

What sizes do they fit?

All Coobie Seamless Bras are one size and comfortably fit 32A thru 36D. This is the most common question and take our word for it – They really do fit almost every body! And yes many folks larger than 36D wear them and love them too! Our newest Full size fits a 38 thru 42D.

Do they have padding?

Yes, each Coobie Seamless Bra comes with removable pads. It's best to remove them for washing. Wash in cold water on delicate cycle or by hand with mild detergent. We recommend using a lingerie bag as well to avoid getting the straps tangled. If your pads get a wrinkle from shipping or traveling simply wash them in warm water and dry on low and they will regain their shape. Replacement pads are available.

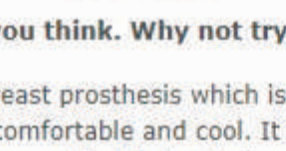

Can I wear them to sleep in?

Of course ! The most wonderful sleeping top.
